

# PRESIDENT

## tips & tricks

### **AGENDAS ARE YOUR FRIEND**

Always create an agenda, even for the shortest of meetings. It'll help ensure you stay on topic and avoid long pauses, creating shorter meetings, and a happier board.

### **NOT JUST A TEAM, A FAMILY**

Focus heavily on board bonding events (ex. game nights) during August-October. This time investment will pay dividends. The strength of personal connections within your board defines its potential.

### **HAVE A VISION**

Set measurable goals for your board to work towards. These include membership targets, frequency of community service events, and numbers of members qualifying for state.
