

NSLC OBJECTIVE TESTING ONLINE TESTING INFORMATION

GENERAL INFORMATION

All Objective Test Competitive Events will take place independently due to the COVID-19 pandemic and in accordance with state and county health guidelines. Members will log in to and complete their online test using their computer under the direction and supervision of the Event Proctors in the one-hour time slot provided. Chapters are strongly encouraged to invite members to compete together at school rather than at their homes.

TESTING SESSIONS

Competitors are required to complete their online objective test during the scheduled session. If there is a conflict, advisers must notify the Section Director(s) immediately in order to discuss an alternate testing opportunity.

Wednesday, February 2, 2022

ONLINE OBJECTIVE TESTS | Taken independently

5:00-6:00 PM – Testing Session I

6:10-7:10 PM – Testing Session II

Thursday, February 3, 2022

ONLINE OBJECTIVE TESTS | Taken independently

5:00-6:00 PM – Testing Session III (conflicts)

TEAM EVENT CALCULATIONS

For the events listed below, members of the teams will test **collaboratively during their team testing session as typical in a traditional, in-person conference**. Students should plan to share a device to complete their test.

- Entrepreneurship
- Hospitality & Event Management
- International Business
- Intro. to Event Planning
- Business Management
- Marketing
- Sports & Entertainment Management

TESTING PROCEDURE

Each competitor will be emailed their log-in credentials and URL for their respective online objective events. Log-in credentials will be valid for ALL events for which that member is registered. Please ensure your students are using the correct credentials emailed to them. Additionally, each adviser will be emailed a list of log-ins for their chapter.

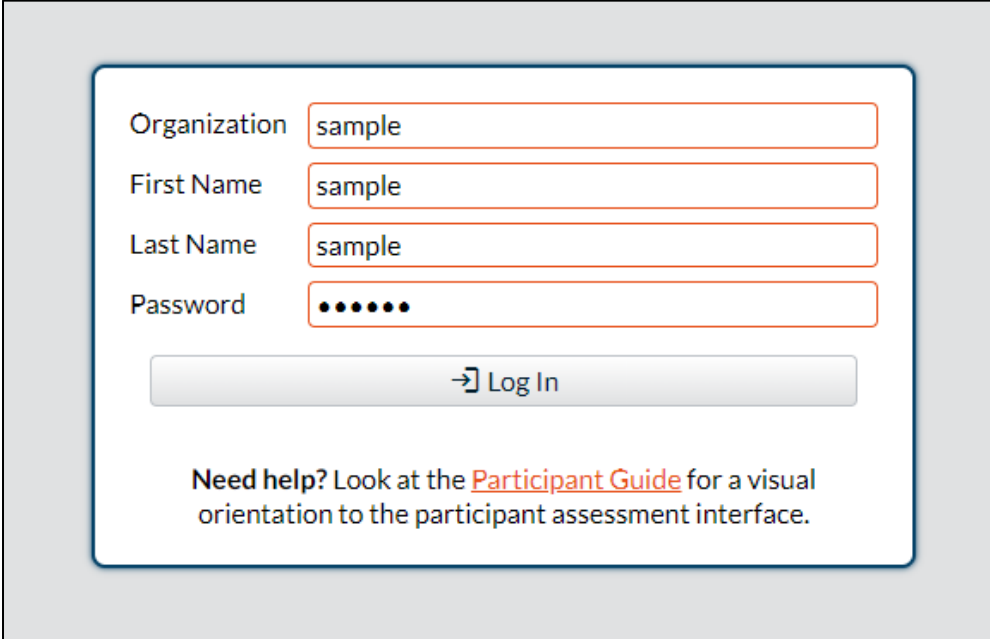

All events will be open during the three testing sessions. Members and advisers should work together to determine an appropriate test order for your chapter. Members of a team event or individuals from a chapter competing in the same event must all compete at the same time. **No exceptions.**

Competitors should be in business professional attire during their tests.

Each Objective Test event competitor must agree and adhere to California FBLA Online Testing Honor Code by checking the boxes in the E-Sess Testing Platform upon logging in to their online test.

To prepare, please ensure your students can access the testing platform:
<https://www.techfluency.org/esess>

Use “sample” in all fields to practice logging in.
